IMPORTANT INFORMATION

PLEASE READ CAREFULLY BEFORE USING THIS PRODUCT

This product is intended to provide accurate turn-by-turn directions that will help you quickly reach your desired destination. Therefore, we recommend that you read and follow all information, and instructions in this Owner's Manual for the best performance and satisfaction of your MN450S.

- Your MN450S **IS NOT** a substitute for personal judgment. The route suggestions should never supersede any local traffic regulation, personal judgment or knowledge of safe driving practices. Before making any maneuvers (for example, a U-turn or a left turn) suggested by the MN450S system, please be sure that such a maneuver can be completed legally and safely. Do not follow route suggestions that could put you or your vehicle in a potentially unsafe or illegal circumstance.
- You should not depend on MN450S to locate emergency services (such as police, fire stations, hospitals and clinics). The database may not include all emergency service providers. It is the best to call your local police department and ask for directions in these situations.
- Set the unit volume at a level that will allow you to hear outside traffic and emergency vehicles.
- The MN450S should not be programmed while driving. The driver can only program the unit while the vehicle is parked in a safe location. Otherwise, a passenger may program and operate the unit while the vehicle is in motion.
- **SEVERE INJURY RISK -DO NOT mount your MN450S on the surface of, or in the deployment field of your vehicle's driver and passenger airbag units.**

- Be sure the MN450S unit is securely attached to the windshield of your vehicle with the supplied bracket.
- *DO NOT* attempt to modify or disassemble the MN450S unit. Personal injury or damage could result. If a problem occurs, stop using the system immediately and contact RYDEEN.
